Description of the system itself:

- Mariocart allows users to browse and purchase groceries from a wide range of product categories, including produce, dairy, meat, and more.
- Users can create new account and save their details.

Description of the users of the system:

- Mariocart is designed for users who prefer to shop for groceries online.
- Potential users of the system include busy professionals, working parents, and elderly individuals who may have difficulty traveling to a physical grocery store. These users are looking for a convenient and hassle-free way to purchase groceries from the comfort of their homes.
